

# LOV STRUCTURE

The LOV community consists of up to 300 members with various kinds of expertise, interests and backgrounds. Becoming part of the community is possible on three different levels with respective opportunities of influence and participation: as token investor, partner investor or main investor. Main and partner investors are involved at a higher level, whereas token investors can participate with a small investment by purchasing the LOV membership token.

## PARTNER INVESTORS

**2 Main Investors** Two personalities bringing a maximum of trust and commitment into the project by contributing each 250K as seed investors. The two main investors benefit by their on-off investment from a lifelong use of a suite up to four weeks per year or alternatively an exclusive use of the entire vessel and a return on investment of 4-8%. Currently we have space for one more main investor. Please [contact](#) us for more details.

**42 Partner Investors** Well selected personalities who benefit by their one-off investment of 42K€ from a lifelong use of a double cabin up to four weeks per year and a return on investment of 4-8%. Unused cabin space will be available at favorable conditions to their family and friends. Please [contact](#) us for more details.

**250 Token Investors** A selected international and interdisciplinary group of like minded people. Members receive a 50% discount on regular prices and can exclusively book and access the ship within the period between August and November. They can make suggestions and vote on usage, cultural programs and themes to be focused on such as diving, surfing, expedition, family, music and events. Unused cabin space will be available at favorable conditions to their family and friends. If you're interested in purchasing the LOV token please sign in to our newsletter and we will keep you informed about sale dates, token specifications and benefits. Please [contact](#) us for more details.

# USAGE PERIODS

Throughout the year the ship will be used by the different groups of the community as well as by our NGO and external guests.

		JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC	
Community	250 Token Investors	optional			DOCK SERVICE REPAIR				lead 50% shared	exclusive	exclusive	lead 50% shared		
	42 Partner Investors	lead 50% shared	exclusive	exclusive					optional				optional	exclusive
	2 Main Investors	optional	optional	optional			full charter possible			optional			optional	optional
LEAGASEA						full charter possible								
External guests						season for external guests								

A flexible usage concept ensures exclusive usage periods where only members of a certain group will have access. These are combined with shared usage periods in which the different groups of our community, token as well as partner & main investors will be aboard.

Shared usage periods will empower the growth of the overall network, grant diversity and a permanent exchange between the community members.

# STATUS

The preliminary design and the planning of the first building phase of our ship is finished. The core group of six partner investors and one main investor is fixed, contracts are signed.

Currently we are open for one more main investor with social and ecological courage. By the possibility of bringing their interests, knowledge, content, network and vision into the concept and the usage of the ship, the investor could co-create, shape and extend the vision of the INDAH HATI. A main investor benefits from his deposit of 250K € by exclusive and various usage scenarios for the ship and a return of 4-8% on the investment.
